

PS. 5.3-16 HUMAN TRAFFICKING AWARENESS MATERIALS

Indicator Phrasing

English: Number of unique human trafficking awareness materials designed or adapted through foreign assistance.

What is its purpose?

This indicator will measure how many unique awareness-raising materials are designed or revised through the work of implementing partners. Awareness-raising materials could include T-shirts, banners, billboards, videos, radio segments, community dramas, brochures, etc. Please note that this indicator is a United States Government Standard Indicator, or "F Indicator", and can be included in the MEL plans of USG funded projects.

How to Collect and Analyse the Required Data

This indicator will measure progress on Prevention. Data will be collected quarterly to inform strategic reviews and the data will be shared in the annual PPR.

Disaggregate by

None

Important Comments

This indicator will measure the work under Prevention, and it supports the Theory of Change that we advance the fight against human trafficking through raising awareness to prevent the crime.

WARNING: This guidance was last updated in February 2023. Before utilizing this guidance, please check that it aligns with the latest Foreign Assistance reference sheet for indicator PS 5.3-16. This can be found in the live [IRS Category 1 Peace and Security](#) resource below. You can also check the [State Department Resource Library](#) for a full list of F Indicators.
